Re: Kestrel Supply Co. - February delivery logs

Dear Marcus,

Thank you for sending the February delivery logs and the depot shift sheets. We have gone through them against the Kestrel delivery schedule.

The logs show 14 scheduled runs to Brayford Park in February. Eleven left the depot on time. Three left late on the days Bay 4 was closed, and two of those arrived after the agreed slot. The shift sheets record the same three late departures, with the reason written as "Bay 4 closed".

Kestrel's claim lists five missed deliveries, not three. Before we respond, please send us the yard office records for February 10 to 14, so we can see whether the other two runs left the depot at all. We will then advise you on how to answer the claim.

Kind regards,

Imogen Sallis
